Research Internships and
Baden-Württemberg-STIPENDIUM

Research Internships

The University of Hohenheim is a modern and research-intensive university with a long tradition in the **agricultural and natural sciences**. Together with the well-established **Faculty of Business, Economics and Social Sciences**, the University has developed a unique profile in Germany.

The University provides students of its partner universities with the opportunity not only to study but also to do **research in Hohenheim** within the framework of an exchange agreement.

An overview of the research fields of the institutes and departments can be found here:

www.uni-hohenheim.de/en/faculties-institutes
